Torbay Council, along with other local authorities, continues to face reductions in the level of funding it receives from Central Government. However, the Council still spends £3.1 million<sup>1</sup> per week on services for every section of the community. It is also planning to spend over £22 million on capital schemes<sup>2</sup> during 2016/2017.

The net expenditure<sup>3</sup> in 2015/2016 across the Council is shown in the following chart:

The Council has to make extremely tough decisions and needs to reduce costs and deliver services in new ways so it can maintain as many services as possible that Torbay residents value.

The Chancellor, in July 2015, in announcing the Spending Review 2015, released a document called "A country that lives within its means". In that document it states that "*HM Treasury is inviting government departments to set out plans for reductions to their resource budgets. In line with the approach taken in 2010, HM Treasury is asking departments to model two scenarios, of 25% and 40% savings in real terms, by 2019/20*".

The results of the 2015 Spending Review will be announced on 25th November 2015. This will identify spending totals for local government; therefore the local government finance settlement that sets out individual allocations to councils will be a few weeks after that, probably announced in late December.

<sup>1</sup> Per Council Tax Information 15/16 excluding schools (£42m) and Housing Benefit payments (£66m). -

<sup>2</sup> This includes capital expenditure on publicly funded schools. -

<sup>3</sup> This excludes the ring fenced expenditure of Tor Bay Harbour and Public Health (the figure shown for Public Health relates to community development). The net expenditure for Business Services takes account of the - income generated by that service. -

With this in mind, Torbay Council faces an unprecedented challenge in setting a budget for the next financial year. Savings of over £50 million in the last five financial years have already been made to meet both funding reductions and demand and cost pressures. Based on the Council's Medium Term Resource Plan, the Council is planning savings to meet a total estimated £33 million funding gap over the next three years which will inevitably have a significant impact on services. Reductions estimated at more than £12 million are needed in 2016/17.

This document sets out the detail of the draft proposals for service change, income generation and savings to meet this target. The proposals are grouped against each targeted action within the Council's Corporate Plan.

Where a draft proposal has been assessed as having an impact on service users a draft Equalities Impact Assessment has been prepared and is included within this document. These will be completed once the consultation process is completed and before any final decision on the proposal is made.

A six week consultation for the public and partner organisations will run between 6 November and 18 December 2015 so as much feedback as possible can be gathered. The consultation can be found at [www.torbay.gov.uk/consultation](http://www.torbay.gov.uk/consultation). Paper copies will be available at all Torbay Libraries, Connections offices and Harbour offices.

Feedback from the consultation will be considered and will inform the final proposals which will be presented to Council for approval in February 2016. At that time, the Council will have received confirmation of its final grant allocation from central government and the expected level of Business Rate and Council Tax income for the year. This will enable the 2016/2017 Revenue Budget to be agreed alongside the Council Tax.

The Council's budget webpage ([www.torbay.gov.uk/budget2016-17](http://www.torbay.gov.uk/budget2016-17)) will also contain information to support the budget process. This will include:

- Budget Digest pages that summarise service income and expenditure
- Services Reviews that summarise the services that the Council provides
- Medium Term Resource Plan that outlines the Council's financial position
- Review of Reserves which sets out the current and forecast position on the use of Council reserves
- Capital Budget giving the current position on spend on assets, future capital issues and capital strategy
- Asset Management Plan
- Council benchmarking report
- Council report of deprivation

Note 1:

Sources of Funding.  
The results of the 2015 Spending Review will be announced on 25th November 2015. This will identify spending totals for local government; therefore the local government finance settlement that sets out individual allocations to councils will be a few weeks after that, probably announced in late December. No indicative funding figures have yet been provided for 2016/17, therefore estimates have been calculated.

Note 2:

Children's Services

In 2015/16 £2.0m was transferred into the Children's Services base budget. Also in 2015/16 £2.3m was transferred into Children's Services as part of the Children's Services 5 year Funding Strategy, this was temporary funding from reserves. For 16/17, in line with the strategy, Children's Services are budgeting to spend £1.1m funded from reserves. In addition, due to ongoing budget pressures in 2015/16, a £2m contingency has been created in 16/17.

Note 3:

Savings  
The Medium Term Resource Plan (March 15) showed an estimated budget gap of £11.8, in addition to £1.6m Adult Social Care savings deferred from 2015/16 to 2016/17. To achieve a balanced budget for 2016/17 the budget proposals for savings total £13.4. The table above shows this savings as:-

Changes to forecasts since MTRP March 15	£'000	994
Proposed savings by service in templates		-879
Deferred Adult Social Care Savings		-1,566
Sources of funding changes in templates		-1,250
Primarily 2016/17 inflation savings and income generation. These savings have reduced the inflation figure to £969,000		-711
		-13,400

Executive Lead:	Julian Parrott		
Director / Assistant Director:	Richard Williams		

Version:	1	Date:	October 2015
Author:	Gail Rogers		

### Section 1: Background Information

#### What is the proposal / issue?

1. This proposal concerns a 10% reduction to current value of the Children's Centre Contract. This is allowed for within the current contract. This is the final year of the agreement. New commissioning arrangements are currently being developed.

The proposal is to reduce the budget for Children's Centres by £85,000 to a figure of £793,000 for 2016/17

#### What is the current situation?

2. The current budget for the Children's Centres is £878,000. Within this budget, pre-natal and services for children up to age 5 and their families are delivered as part of a commissioned arrangement with 'Action for Children'. Children's Centres provide a universal service available to all families with a child aged 0 to 5 years and include services such as stay and play sessions, young Mums to be, parents to be, dad's clubs as well as providing targeted family support for more vulnerable families. Torbay has two designated Children's Centres: Torquay and Paignton with Brixham.

#### What options have been considered?

3. No alternative options have been considered at this stage.
4. Protecting all children and given them the best start in life

#### How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?

	<b>Who will be affected by this proposal and who do you need to consult with?</b>
<b>5.</b>	<ul style="list-style-type: none"> <li>• Action for Children as the current Service Provider</li> <li>• Current and prospective Service users – families with children under 5 and prospective parents</li> <li>• Partner organisations who deliver services from the children's centre sites e.g. Health Visiting, Family Learning</li> </ul>
<b>6.</b>	<p><b>How will you propose to consult?</b></p> <p>Consultation with the service users and key stakeholders identified above will be undertaken as part of the budget setting process.</p> <p>As part of this consultation Parent Advisory Boards will also be consulted.</p> <p>The potential impact of this proposal will also be explored through consultation with Action for Children.</p>

Author: Rachael Williams				
<b>Section 1: Background Information</b>				
1.	<b>What is the proposal / issue?</b>  The proposal is to reduce the home to school transport budget by £80,000 through a range of measures: <ul style="list-style-type: none"><li>• Offering current service users a personal allowance and supporting willing service users to move to this option on routes that can be achieved at a reduced cost</li><li>• Professionals supporting the development of transport / Education, Health and Care Plans for new service users to use the option of a personal allowance as the first recommendation. This will enable a change in culture regarding the expectation of on-going transport support.</li><li>• Continue to provide bespoke travel arrangements to pupils with medical needs that would not enable full day attendance.</li><li>• Implement clear guidance to schools/providers regarding an expectation that transport will be provided at the start and end of the school day only for all pupils.</li><li>• Professionals creating part time/ bespoke packages to plan for transport to only be provided at the start and end of the school day.</li><li>• Ensure a regular risk assessment process is completed with all pupils in receipt of individual transport (where an alternative option is available). Schools, parents and pupils to be consulted in decision making and where appropriate pupils to be returned to the original transport plan.</li></ul>			

	<b>What is the current situation?</b>
2.	<p>In 2014-15 (school year) transport assistance was given to approximately 900 children and young people. This included bus passes, taxi and minibus transport and fuel allowances to parents to drive their children to school. Approximately 400 of these students travelled on taxis and minibuses.</p> <p>The transport assistance now provided is that to which students have a legal entitlement. All discretionary transport has been removed. In addition, a charge has been introduced for post-16 transport for students with special educational needs and/or disabilities. All transport entitlement is reassessed at least annually.</p> <p>The contracts on which escorts are employed have been changed to enable greater flexibility. Children are placed on shared taxis/minibuses wherever possible to minimise the cost per student and routes are regularly reviewed to ensure best value for money.</p> <p>Due to the changes to concessionary transport agreed in July 2013, the number of children and young people provided with transport assistance is expected to reduce to approximately 700 from September 2015. This reduction will be in bus passes rather than in taxi or minibus transport.</p> <p>The number of students within Torbay being given Education, Health and Care Plans is increasing. In 2013-14, 111 new Plans were requested and in 2014-15 there have been 163 requests. A significant proportion of these students require transport assistance, usually by taxi or minibus.</p>
3.	<p><b>What options have been considered?</b></p> <p>In order to reduce the budget for home to school transport, a number of options have been considered.</p> <p>Legal advice is that:</p> <ul style="list-style-type: none"> <li>• arrangements for any eligible child have to be free of charge</li> <li>• each parent would have to consent to using their own transport while being paid an allowance</li> <li>• the payment of an allowance to parents to use their own transport would include their return journey if they could show that this was an additional cost to them</li> </ul> <p><b>Option A - Paying a personal budget to parents to provide transport</b></p> <p>Some children need an escort as well as a driver to enable them to travel in a vehicle. Some children need special equipment to enable them to travel safely in a vehicle. Where parents cannot drive or do not want to drive, an option is to give them a budget that would cover the cost of a taxi (plus escort and equipment as appropriate).</p>

	<p>There is the potential that the cost of this option would be higher than the cost the council pays for taxi transport, because wherever possible the council transports more than one child in a vehicle with a shared escort.</p> <p><b>Option B – Reviewing the bespoke transport arrangements for part time packages and attendees outside of normal start and end of days.</b></p> <p>To support the effective transition of pupils, professionals create bespoke packages of attendance. This can include phased start dates, early or late finishing hours and, most frequently, part time packages. Where these packages finish outside of the start and end of the school day additional transport is provided increasing costs.</p> <p>There is the potential to review the current arrangements to see if more a more cost effective option can be put into place.</p> <p><b>Option C –Review current arrangements where pupils are receiving individual transportation.</b></p> <p>A small number of pupils are currently receiving transport in a taxi with an escort. This has been provided where there have been identified behavioural concerns.</p> <p>There is the potential to review the current arrangement to see if alternative arrangements can be put in place.</p> <p><i>The proposal will see the introduction of all three options aimed at promoting cultural change for professionals in ensuring that the most cost effective means of home to school transport is provided whilst meeting the Council's statutory requirements.</i></p>
4.	<p><b>How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?</b></p> <p>Ambition:</p> <ul style="list-style-type: none"> <li>• Protecting all children and giving them the best start in life</li> </ul> <p>Principles:</p> <ul style="list-style-type: none"> <li>• Using reducing resources to best effect</li> <li>• Reducing demand through prevention and innovation</li> <li>• Integrated and joined up approach</li> </ul> <p><b>Who will be affected by this proposal and who do you need to consult with?</b></p>
5.	<p>The proposal may potentially have an impact on the children and young people both currently receiving a transport service and future service users.</p>

6.	<b>How will you propose to consult?</b>  Each child or young person receiving home to school transport will be reviewed as part of an individual assessment and so consultation and feedback will be completed during the process and acted upon where required. Due to the nature of this proposal it would not be appropriate to undertake a blanket consultation process as each individual's circumstances and the potential outcome will be different.

The ICO is multi-faceted, and therefore the detail of the impact of these reductions is not available until discussions within the ICO, and including the Clinical Commissioning Group (CCG) have taken place. Due to the new arrangements and relationship with the CCG and the ICO; the achievement of savings, whilst accruing to the ICO as a whole, may not necessarily result in savings to social care duties.

## Service Title: Public Health - Ring-Fenced Grant

Manager: Caroline Dimond

Business Unit: Public Health

Brief Description of Service:  
From April 2013 the Council became responsible for elements of the public health function previously carried out by Primary Care Trusts. This includes:

Prescribed functions such as sexual health, public health advice and health checks. Income includes payments from Devon County Council for the sexual health function for the Southern Devon area.

Non Prescribed functions such as substance misuse (drugs & alcohol), stop smoking, obesity & physical activity.  
From 1st October 2015 Public Health also became responsible for commissioning 0-5 Activities (Health visitors).

For 2016/17 the service is expected to be funded by a ring fenced grant.

Assistant Director: Frances Hughes

**Brief Description of Service:**

The Safer Communities team co-ordinates the Safer Communities Partnership as well as managing the front line service delivery of a number of partnership funded projects. Its main aim is to reduce the incidence and fear of crime, making Torbay a safe and healthy place to live in and visit. The Council has statutory duties as a Community Safety Partnership and also has duties to meet the requirements of Section 17 Crime and Disorder Act. Torbay Council works with other partners including the Police, Fire, Probation Service and local NHS bodies, who also contribute to the Safer Communities Partnership. Services for high risk victims of domestic abuse are provided within this team.

<b>What is the proposal / issue?</b>	
1.	To increase income via permissions for events and promotions in the Town Centre Town and an overall reduction in grant to Swim Torquay and Admiral Community Swimming Pools.
<b>What is the current situation?</b>	
2.	This budget includes £185,000 for Sports (General) and £157,300 for Sports Development.  The costs include: the contract with Parkwood Leisure for the leisure centre (until 2019); elements of the TOR2 and Glendale contracts as they relate to the maintenance of sports pitches/facilities etc; funding of the swimming pool facilities (Including funding for Swim Torquay and Admiral Community Swimming Pools) and staff costs. Swim Torquay and Admiral Community Swimming Pools (based in Brixham) both offer swimming facilities to members of the public including schools.
<b>What options have been considered?</b>	
3.	All of this budget are discretionary areas of spend for the council.  Some alternative options have been considered, including the development of a sports trust within Torbay however this is a longer term plan and due to the imminent budget pressure alternative savings proposals needed to be identified.

Executive Lead:	Cllr Robert Excell
Director / Assistant Director:	Fran Hughes

Version: 1 Date: October 2015 Author: Fran Hughes/Ian Jones

### Section 1: Background Information

1.	<b>What is the proposal / issue?</b>  This proposal is to reduce the Highways Management budget by £331k in 2016/17.  A proportion of this saving can be found from a redesign of the service including; profiling highways maintenance budgets to utilise capital rather than revenue spend.  This proposal will also further reduce the maintenance of the Highways network to a largely "reactive" service and will reduce the amount we can invest in improving roads and associated footways etc.	<b>What is the current situation?</b>  The current Highways Management Budget is £4.2Million and provides for the provision of a Highways Management Service including Highways Maintenance, Network Management, Emergency Responses, Winter Maintenance and Street Lighting.  It should be noted the current highway asset condition is deteriorating. A further reduction in investment may accelerate this deterioration resulting in increased reactive maintenance costs and compensation claims to the authority in the future.	<b>What options have been considered?</b>  To achieve the savings required the following is proposed;:
----	--	---	--

	<p>(a) Reduction in Highways Maintenance budgets and the increased use of Structural Maintenance capital funding for smaller scale works.</p> <p><b>Advantages</b> - Maintain the reactive repair works and preventative maintenance.</p> <p><b>Disadvantages</b> - Reduces the larger scale resurfacing works resulting in the service becoming more reactive in its approach to maintenance.</p> <p>Reduces the investment into the highway network resulting in an acceleration of the deterioration of the highway condition and an increase in highway defects.</p> <p>(b) Further redesign of the highways service may also be required.</p>
4.	<p><b>How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?</b></p> <p>Principle - Using limited resources to best effect.</p>

Service / Policy:	Road Safety and School Crossing Patrols
Executive Lead:	Cllr Robert Excell
Director / Assistant Director:	Fran Hughes

Version: 1.0 Date: October 2015 Author: Fran Hughes

### Section 1: Background Information

#### What is the proposal / issue?

1. The proposal is to reduce Road Safety Education and School Crossing Patrols budget by £57k for 2016/17 by charging academy schools for school crossing patrol services at full cost recovery.

#### What is the current situation?

2. The current Road Safety Service provides a road safety education service in partnership with other stakeholders and the management of 23 school crossing patrol sites. Of these 23 sites 15 are academies. The total budget for Road Safety is £85k (which includes non-recurrent grant income of £25k) plus £29,400 School Crossing Patrols.

The school crossing patrol sites are currently part funded by Academy Schools where the crossing patrol serves their particular school.

The Road Safety team undertake a number of campaigns with partner organisations and attend a number of relevant public events.

#### What options have been considered?

3. A) School crossing patrols to Academy schools will be required to be funded at full cost recovery by the relevant Academy or Patrol. If the school chose not to fund the service then it would be removed. Reduction in the levels of attendance to Road Safety Campaigns and relevant events.

	<p>B) Road Safety assistance to Academy Schools to be provided on a “fee only” basis.</p> <p>A combination of these options will be needed to achieve the savings.</p> <p>Reduction in high level Road Safety Education campaigns and events may potentially result in increased road collisions and casualties in the future.</p>
4.	<p><b>How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?</b></p> <p>To continue the provision of Road Safety Education and School Crossing Patrols to Academy Schools by means of funding will assist in protecting children from road traffic collisions.</p> <p>The continuation of a statutory road safety service may assist in reducing road traffic collisions and casualties in the future.</p>
5.	<p><b>Who will be affected by this proposal and who do you need to consult with?</b></p> <p>Emergency Services may lose assistance with road safety enforcement campaigns, reducing the level of advice that can be provided to the public.</p> <p>If Academy Schools are not prepared to fund their associated crossing patrol sites then the service may be removed, affecting the ability of children and parents to use a safe route to school.</p>

### Section 1: Background Information

<b>What is the proposal / issue?</b>
1. To reduce the management fee given to Torbay Coast and Countryside Trust (TCCT) by £15k in 2016/17.
<b>What is the current situation?</b>
2. The TCCT currently manage Torbay Council land (1700 acres, of which approximately 600acres are farmed) for which the Council pays £183k p.a. The payment has been reduced substantially in recent years. The land managed includes the South West Coast path and Cockington.
<b>What options have been considered?</b>
3. There are limited options as the Trust model has delivered the successful management of council land. It is not clear whether there are any further efficiencies that can be made by the Trust and therefore service reductions are likely.
<b>How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?</b>
4. To be updated once alternative options have been developed.
<b>Who will be affected by this proposal and who do you need to consult with?</b>
5. The TCCT will be affected by this proposal. There is the potential that members of the public may be affected by this proposal as there could be service reductions.

	<p>Consultation will need to occur with Directors of the TCCT Board and associated Friends Groups as well as other stakeholders; Members of the General public will also be consulted with as part of the Council's general budget consultation.</p>
<b>6.</b>	<p><b>How will you propose to consult?</b></p> <p>Consultation will take the form dialogue with TCCT. ## DRAFT - Supporting Information and Impact Assessment

Service / Policy:	Tourism Marketing		
Executive Lead:	Cllr Nicole Amil		
Director / Assistant Director:	Anne-Marie Bond		

Version: 1 Date: October 2015 Author: Kevin Mowat

### Section 1: Background Information

#### What is the proposal / issue?

1. This proposal is to cease the funding to the English Riviera Tourism Company (ERTC) subject to a 'Yes' vote for the proposed Torbay Retail and Tourism Business Improvement District (TRTBID) taking place in November 2015.  
The 'Destination Tourism Marketing' and Visitor Information Services currently provided by the ERTC will be carried out by the TRTBID in the event of a 'Yes' vote.

#### What is the current situation?

2. The English Riviera Tourism Company is currently a wholly owned company of the Council to which funding is being provided, with the contribution in 2015/16 being £350k.  
In September 2014, the Council agreed to fund and support the development of a TRTBID as an alternative sustainable funding model to provide ongoing retail and tourism destination marketing activity, including visitor information services.  
The establishment of the TRTBID is subject to a ballot which will take place throughout November 2015.  
In the event of a yes vote for the proposed TRTBID the ERTC will be decommissioned with the provision of destination and tourism marketing and visitor information services being transferred to the new TRTBID company.
3. **What options have been considered?**  
*The options set out below were contained in a full report to Council in July 2015.*

<p><u>Option 1</u> To allow the ERTC to continue to operate without providing any direct financial support. Alternatively, the Council could find funding from the 2016/17 revenue budget and beyond, but this will be challenging, as the current austerity policy is likely to see further budget cuts to local government.</p>
<p><u>Option 2</u> To not fund tourism and allow the private sector to fund directly through membership or partnership fees – but this could result in an unequal arrangement where some businesses pay and others do not. If Destination Marketing was funded in this way all businesses would benefit but with no compulsion for every business to pay into this scheme.</p>
<p><u>Option 3</u> The Council could retain the ERTC as a shell company ('mothballed or dormant') (owned and controlled by the Council either directly or as trading subsidiary of the TDA) licensing its intellectual property as appropriate. It would be necessary to amend the existing Memorandum and Articles of Association in order to change the current governance structure.</p>
<p><u>Option 4</u> The new TRTBID could commission the existing ERTC to continue to provide tourism destination marketing and visitor information services for the English Riviera under a contractual arrangement.</p>
<p><b>How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?</b></p> <p><b>4.</b> It supports the ambition for a Prosperous Torbay as it seeks to ensure that the retail and tourism sectors work together in a collaborative partnership.</p> <p>This represents an exciting new model of service delivery that will allow the Council to exert influence but also save money. It therefore clearly embraces the following two principles</p> <ul style="list-style-type: none"> <li>• Use reducing resources to best effect</li> <li>• Integrated and joined up approach</li> </ul> <p><b>Who will be affected by this proposal and who do you need to consult with?</b></p> <p><b>5.</b> Consultation has taken place with the following stakeholders through either face-to face meetings or circulation of a draft version of this report :-</p> <ul style="list-style-type: none"> <li>• The English Riviera Tourism Company (ERTC) and staff</li> </ul>

## DRAFT - Supporting Information and Impact Assessment

Executive Lead:	Nicole Amil
Director / Assistant Director:	Fran Hughes

Version: 1 Date: October 2015 Author: Fran Hughes

### Section 1: Background Information

#### What is the proposal / issue?

1. To reduce the grant currently paid to museums by £10,000.

#### What is the current situation?

2. There are 3 museums within Torbay:
  - Torquay Museum
  - Brixham Museum
  - Torre Abbey

Torre Abbey is also directly managed and funded by Torbay Council.

This budget includes grants to Torquay Museum (£68,600) and Brixham (£18,200)

A budget reduction of £20,000 was agreed in February 2014, and a further budget reduction of £20,000 was proposed as part of the 2015/16 budget setting process, however it was agreed that £30,000 transitional funding was applied (pro Rata for Brixham and Torquay Museums) to enable the future museum project to be completed, which would provide a sustainable future model to assist in the management of all museums within Torbay. This transitional funding was agreed at the Full Council meeting in February 2015.

	<b>What options have been considered?</b>
3.	<p>The council currently has a programme with the South West Museums Development Funding exploring a long term strategy for the future of our museums. The outcomes of this review will provide a direction of travel for the museums; however, they will need to be self-sustaining in any future delivery model. £30,000 transitional funding was applied in 2015/16 to enable the Museum Service to investigate this further.</p> <p>Due to the imminent budget pressure alternative savings proposals needed to be identified therefore a reduction in funding for 2016/17 has been proposed.</p>
4.	<p><b>How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?</b></p> <p>Ambitions: Prosperous and Healthy Torbay</p> <p>Principles:</p> <ul style="list-style-type: none"> <li>• Use reducing resources to best effect</li> </ul>
5.	<p><b>Who will be affected by this proposal and who do you need to consult with?</b></p> <p>This proposal has the potential to affect Torquay Museum and Brixham Museum as well as members of the public.</p> <p>Members of the public may be affected by this proposal as the reduction in grant could potentially result in a reduced service, or cessation of the service.</p> <p>The Museums will be affected by this proposal as this is a reduction in their grant.</p>
6.	<p><b>How will you propose to consult?</b></p> <p>Consultation will be undertaken as part of the Council's general budget consultation – an online and paper questionnaire will be produced giving people the opportunity to have their say on this proposal.</p> <p>The Museums will be contacted directly to advise them of the proposal and to provide them with the opportunity to be able to advise the Council of the impact this proposed reduction in grant will have upon them.</p>

## Section 1: Background Information

### What is the proposal / issue?

1.

The proposal is to reduce the Parks and open Spaces budget by £15,000 in 2016/17 by:

- Reducing the winter maintenance programme by £10,000
- Ceasing the Torbay Council sponsorship paid to Bay Blooms – this will save £5,000

### What is the current situation?

2.

The winter maintenance programme currently consists of spend to save projects to reduce high maintenance areas and area requiring improvement out of the summer season, for example overgrown shrub beds, bare patches of grass and overgrown hedges.

Torbay Council currently funds the running of the Bay Blooms community based horticultural competition as part of the cyclical contract with TOR2

Bay Blooms is a Horticultural competition held annually that all Torbay Residents and Businesses are able to participate in.

### What options have been considered?

3.

Offer the Bay Bloom competition to be run solely by the community.

### How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?

4.

Ambitions: Prosperous and Healthy Torbay

	<p>Principles:</p> <ul style="list-style-type: none"> <li>• Use reducing resources to best effect</li> </ul>
	<p><b>Who will be affected by this proposal and who do you need to consult with?</b></p>
<b>5.</b>	<p>This proposal will impact upon residents and businesses within Torbay as it is proposed that the winter maintenance budget is reduced seeing a reduction in £10,000.</p> <p>It is also proposed that the sponsorship to Bay Blooms is ceased – this competition is open to all residents and businesses within Torbay.</p>
<b>6.</b>	<p><b>How will you propose to consult?</b></p> <p>Consultation will take place as part of the Council's general budget consultation – online and paper questionnaires will be made available so that members of the public will be able to have their say on this proposal.</p>

## **Trading Standards Discretionary Fees**

When a visit is made by a Trading Standards Officer to any premises for the purpose of carrying out any of the functions or activities listed below, each visit may be subject to a minimum charge of £82.00 per Officer per visit regardless of the nature or amount of work requested or completed.

Visits carried out partly or entirely outside of normal office hours may incur a surcharge of 50% of the standard fee or of the standard hourly rate per Officer per hour.

Previous discussions with HM Customs & Excise had concluded that fees with the exception of those put forward for the purposes of Section 74 of the Weights and Measures Act 1985, were NOT subject to VAT. This is because the work of local authorities was classified as a 'non-business' activity. However, the situation has now changed. Where applicable, VAT is included in the guidance provided. See Customs & Excise Notice 749 – Local Authorities and Similar Bodies (April 2002) for further details. NB – this may be subject to further review at any time, but is current at the time of writing (November 2007).

This is written on the assumption that the proposed Legislative Reform Order (to permit self-verification after adjustment) will come into effect on 1<sup>st</sup> April 2008. If this were not to be the case, fees for such eventualities would continue to be VAT-exempt.

## Service Title: Customer Services & Customer Access

Manager: Alison Whitaker  
 Business Unit: Customer Services  
 Executive Head: Bob Clark

### Brief Description of Service:

Customer Services provides the primary access channels for the public contacting Torbay Council. Face to face services operate from central locations in each of the three towns in the Bay. One operates in Torquay Connections whilst the others are co-located services at Brixham Library and Paignton Library Information Centre. In addition to providing information on Council services, Torquay and Paignton also offer self serve facilities via internet pods and drop in sessions and surgeries for partner organisations. The Contact Centre manages telephone contact for a wide range of council services. The Public Access Channel and Systems Team (PACS) support and develop the back office systems that Customer Services use as well as customer facing systems.

## DRAFT - Supporting Information and Impact Assessment

Service / Policy:	Social Fund		
Executive Lead:	Cllr Morris		
Director / Assistant Director:	Fran Hughes		
Version:	1	Date:	October 2015
<b>Section 1: Background Information</b>			
1.	<b>What is the proposal / issue?</b> <p>This proposal is to reduce the 'Social Fund' budget provision to Nil. There is currently £600k in a reserve, if agreed this reserve could be used to fund this service meaning it could continue for a further 2+ years to allow alternative solutions to be considered.</p> <p>The Social Fund (Crisis Support Scheme) is a non-statutory scheme.</p> <p>The Social Fund currently consists of Crisis Loans and Community Care Grants. The Social Fund Scheme provides assistance to local people who need urgent assistance in a crisis type situation. The range of assistance covered includes daily living expenses, food and electricity, clothing, removal costs, storage and setting up home costs such as furniture, rent in advance and deposits.</p>	<b>What is the current situation?</b> <p>As outlined above the Crisis Support Scheme provides assistance to local people who need urgent assistance in a crisis type situation. The range of assistance covered includes daily living expenses, food and electricity, clothing, removal costs, storage and setting up home costs such as furniture, rent in advance and deposits.</p> <p>The Crisis Support Scheme is a <b>non-statutory provision</b>. In view of current financial pressures and with further spending cuts to come in future years the Crisis Support Scheme has been identified as an area to investigate alternative methods of provision.</p>	<b>What options have been considered?</b> <p>This proposal is to reduce the 'Social Fund' budget provision to Nil. There is currently £600k in a reserve, if agreed this reserve could</p>

	be used to fund this service meaning it could continue for a further 2+ years to allow alternative solutions/options to be considered.
<b>4.</b>	<b>How does this proposal support the ambitions and principles of the Corporate Plan 2015-19?</b> To be updated once alternative options have been developed.
<b>5.</b>	<b>Who will be affected by this proposal and who do you need to consult with?</b>  External: <ul style="list-style-type: none"><li>• Torbay Landlords</li><li>• Residents of Torbay</li><li>• Voluntary Sector as representatives of more vulnerable residents more likely to access the Crisis Support Scheme</li><li>• Anode, Refurnish charitable organisations who provide services under the Crisis Support Scheme</li></ul> Internal: <ul style="list-style-type: none"><li>• Revenues and Benefits, Housing Options, Housing Standards, Children's Services</li></ul>
<b>6.</b>	<b>How will you propose to consult?</b>  Consultation on the proposal to reduce the 'Social Fund' budget provision to Nil and fund the service for 16/17 and 17/18 using the £600k, allowing alternative options to be considered will be undertaken as part of the general budget consultation.  Consultation will be then be undertaken again once detailed proposals have been formed.

## **CONCESSIONS**

### **EXEMPTIONS FROM PAYMENT**

- For alterations, extensions, etc. to a dwelling house for the benefit of a registered disabled person
- An application solely for the carrying out of the operations for the purpose of providing a means of access for disabled persons to or within a building or premises to which members of the public are admitted
- Listed Building Consent
- Planning permission for relevant demolition in a Conservation Area
- Works to Trees covered by a Tree Preservation Order or in a Conservation Area Hedgerow Removal
- If the proposal is the first revision of an application for development of the same character or description on the same site by the same applicant within 12 months of making the earlier application if withdrawn or the date of decision if granted or refused (including signs only if withdrawn or refused) and NOT a duplicate application made by the same applicant within 28 days
- If the proposal relates to works that require planning permission only by virtue of an Article 4 Direction of the Town & Country Planning (General Permitted Development) Order 1995. I.e. where the application is required only because of a direction or planning condition removing permitted development rights.
- If the application is for a lawful development certificate, for existing use, where an application for planning permission for the same development would be exempt from the need to pay a planning fee under any other planning fee regulation
- If the application is for consent to display an advertisement following either a withdrawal of an earlier application (before notice of decision was issued) or where the application is made following refusal of consent for display of an advertisement, and where the application is made by or on behalf of the same person
- If the application is for consent to display an advertisement which results from a direction under Regulation 7 of the 2007 Regulations, dis-applying deemed consent under Regulation 6 to the advertisement in question
- If the application is for alternate proposals for the same site by the same applicant, in order to benefit from the permitted development right in Schedule 2 Part 3 Class E of the Town and Country Planning (General Permitted Development) Order 1995
- If the application relates to a condition or conditions on an application for Listed Building Consent or planning permission for relevant demolition in a Conservation Area
- If the application is for a Certificate of Lawfulness of Proposed Works to a listed building
- Prior Approval for a Proposed Larger Home Extension
- If the application is being made on behalf of a non-profit making sports club for works for playing fields not involving buildings then the fee is £385

- If the application is being made on behalf of a parish or community council then the fee is 50%
- If the application is an alternative proposal being submitted on the same site by the same applicant on the same day, where this application is of lesser cost then the fee is 50%
- In respect of reserved matters you must pay a sum equal to or greater than what would be payable at current rates for approval of all the reserved matters.
- If this amount has already been paid then the fee is £385
- If the application is for a Lawful Development Certificate for a Proposed use or development, then the fee is 50%
- If two or more applications are submitted for different proposals on the same day and relating to the same site then you must pay the fee for the highest fee plus half sum of the others
- Where an application relates to development which is within more than one fee category, the correct fee is simply the highest of the fees payable (if not including residential)
- Where an application consists of the erection of dwellings and the erection of other types of buildings (categories 1-4) the fees are added together and maximum can be exceeded
- Where an application crosses one or more local or district planning authorities then the fee is 150% and goes to the authority that contains the larger part of the application site or a sum of the fees if it is less than 150%

## Service Title: Regeneration & Asset Management

Manager: Kevin Mowat

Business Unit: Regeneration and Assets

**Brief Description of Service:**

The TDA was created by Torbay Council in 2011 as a Public Private Partnership to promote the physical and economic development of Torbay for the benefit of the whole community. The Company offers a number of fee earning professional services to a variety of clients (in addition to Torbay Council) including property services, asset management and economic development.

This budget includes the payment by the Council to Torbay Development Agency Limited. The payment includes a £200,000 (plus inflation) contribution to progress regeneration projects and an annual grant of £250,000 (plus inflation) from the (former) Regional Development Agency also for regeneration. TDA directly manages the Council's innovation centres. Due to the terms of lease, the income and expenditure in respect of the innovation centres at Vantage Point at South Devon College belongs to the Council. The TDA are responsible for any shortfall or surplus on these centres.
